## 2. Presentation of Progress Report Done by Technical Working Group

**2.1** **Mr. Leng Sy Vann**, Deputy Director of Department of Fisheries Conservation presented the management of fisheries refugia in Koh Kong province. His presentation focused on existing legal framework, management mechanism, process of activity implementation of mackerel refugia at Peam Krasob, and continuous action plans. He informed that now it is available of the MAFF's proclamation of establishment of management area of mackerel refugia in Koh Kong and two management mechanisms are created such as Patrolling Team for Mackerel Protection and Conservation and Technical Working Group for Marine Fisheries Protection and Conservation Areas. He added that DFC/FiA collaborated with FiAC in Koh Kong to prepare and distribute posters, and promote an awareness raising about the important of fisheries refugia and MAFF's proclamation to fishermen, community fisheries,

local authorities. Any ways, he expressed the results of baseline survey of short mackerel to meeting done from February 2019 to until now.

- 2.2 Mr. Ouk Vibol** presented the process of establishment of Marine Fisheries Management Area in Koh Kong province. His presentation focuses on three main points, why needed to established MFMA? , legal framework; and steps of development of MFMA. Many reasons are affecting marine fisheries resources such as overfishing, modern fishing gear technology, coastal development, and climate change. Moreover he showed steps of development of MFMA, there are 6 steps including 1) To set priorities of potential places for management, protection, conservation, and development of fisheries resources; 2) To study a research and analysis of fisheries resources, its habitat, ecosystem, socio-economic, culture, and threats; 3) To identify a location and prepare a map and boundary, size, and UTM Points properly; 4) To consult and discuss with provincial and local authorities, community fisheries, other institutions/agencies involved; 5) To collaborate with provincial and local authorities to announce the boundary, size, and UTM Points of MFMA planning to set up; and 6) To raise a proposal to MAFF to be adopted officially.
- 2.3 Mr. Phallin Mr. Chea Phalling**, Project Coordinator of MPA of FFI-Cambodia presented strengthening management capacity of Koh Sdach Community Fisheries in Koh Kong province. His presentation focused on leadership training to chief and member of CFI, installing SMART Patrol: Set up and operation, Community exchanges, and awareness raising. Moreover, he showed research results of plastic bottles and bags in Koh Sdach area in order to reduce using those plastics and contribute to protection clean environment. According to his finding, 52% of nets are dumped in the ocean, 80% of coastal debris is plastic, 41% waste is burnt, 48% of plastic waste is dumped in the ocean, and on average 12 plastic bags are used per house /day.
- 2.4 Mr. Som Sitha**, Technical Advisor of WCS, presentation of protection and conservation of Estuarine Terrapin (*Batagur affinis*) and Siamese crocodile (*Crocodylus siamensis*) in Sre Ambil Channel system, Koh Kong province. His presentation focused on protection of turtle nests of eggs, nursing turtle baby, and releasing turtles into nature including 21 turtles in 2015, 25 turtles in 2017, 20 turtles in 2019, and 20 turtles in 2020, monitoring turtles by using Transmitters such as Active Receiver and Passive Receiver for two weeks/month, and Awareness Raising. Moreover, he showed the experience of saving turtles through collaboration with local authorities, NGOs-Wildlife Alliance, local communities, and people to crack down capture and trade of turtles. After he presented the protection and conservation of Siamese crocodile (*Crocodylus siamensis*) in Sre Ambil Channel system. His presentation focused on protection of its egg nest and habitats, awareness raising, and strengthening law enforcement. 3 egg nests of crocodile are found in 2018 and other 2 nests in 2019, which are 126 eggs in total.

### 3. Discussion on Questions and Answers

- 3.1 Mr. Ouk Vibol** expressed that the establishment of Technical Working Group for Marine Fisheries Protection and Conservation Areas is to facilitate and address those issues happening and provide inputs from TWG. For examples, preparation for 5 year management plan is needed to submit to TWG for checking, providing inputs, and adoption. Moreover it will be planed to develop MFMA in another place in Koh Kong while Kep and Preh Sihanouk ville provinces have been established already. He added that all projects implemented are under Fisheries Administration to ensure budgets for project implementation, so far they have budget from SEAFDEC/UNEP/GEF/ Fisheries Refugia Project working in mackerel, WCS working in Royal Turtles, and FFI working in community fisheries in Koh Sdach.

- 3.2 Mr. Chairperson of meeting** requested providing patrolling group of mackerel, and distributed to the meeting. To ensure effective management, it is needed to install poles at the boundary of in mackerel refugia in the size of 2183ha.
- 3.3 Mr. Ouk Vibol** collaborated with Department of Agriculture, Forestry, and Fisheries to work together, especially he proposed district authorities to coordinate those issues. If it is managed well, it will become a good tourism place as well. Generally, conservation area is set not more than 10% based on Biodiversity Convention Treaty. Management area is divided into zoning for each management.
- 3.4 Mr. Vet Sonym**, Provincial Coordinator of IUCN-Cambodia, suggested Chairperson of the meeting to consider and insert Wildlife Alliance to the TWG due to the part of boundary of mackerel fisheries refugia in Koh Kapi area.
- 3.5 Mr. Ouk Vibol** requested the Chairperson to consider and insert Wildlife Alliance to the TWG
- 3.6 Mr. Chairperson** agreed the proposal of environment. In that case, Chairperson proposed to keep the same composition of TWG, but original letter will be revised according to the meeting proposal.
- 3.7 Mr. Prak Vicheth**, Mondol Sema District Governor, supported to develop mackerel fisheries refugia and wait to work with TWG, especially FiA and Department of Agriculture, Forestry, and Fisheries.
- 3.8 Mr. Kao Monirith**, Deputy Director of Marine Fisheries Administration Inspectorate, proposed the Chairperson to consider and insert the member from Sea Open Committee into TWG.
- 3.9 Mr. Chairperson** agreed that proposal

#### **4. Summary of Meeting Results**

- 4.1** After discussion, Mr. Chairperson of the meeting summarized the results of the meeting as following:
- Promoting the extension working of mackerel fisheries refugia at Peam Krasob, Koh Kong province, especially educating and disseminating closed season of mackerel fishing;
  - Preparing 5 year management plan to be needed to work with Director of Department of Agriculture, Forestry and Fisheries and Fisheries Administration, and submitted to Provincial Hall Administration to work forward;
  - Coordinating and ensuring not to affect Sub-decree of MOE on the MAFF's proclamation on establishment of management area of Estuarine Terrapin (*Batagur Baska*) and Siamese crocodile (*Crocodylus siamensis*) in Sre Ambil Channel System;
  - Supporting the establishment of MFMA in Koh Sdach, Koh Kong contributing to the enhancement of local livelihood and fish stock as well as reduction of climate change;
  - Agreeing Technical Working Team to check and discuss an ability of MFMA Map size, the extent of big or the reduction of small for the case of water surface;
  - Supporting the addiction of members from Sea Open Committee into TWG; and
  - Promoting the installation of poles at the boundary of mackerel fisheries refugia in the size of 2183ha
